OVER THE YEARS

Commentaries based on cataloging over 300 sales (including THE LARGEST A.N.A. SALE EVER HELD – 1977) and collecting since 1928

Although the 1977 A.N.A. Sale is now history, it was exciting putting it together and conducting it in Atlanta. Many new records were set – not only in the prices realized in a number of series of coins and currency but for the number of consignors – over 170; Catalogers – over a dozen, and registered bidders – over 1000! We are receiving letters, as well as verbal expressions of congratulations, for the results obtained for the numismatic "treasures" entrusted us by the consignors.

We are now planning our GOLDEN ANNIVERSARY SALE to be held next May 19-20. The innovations introduced at the A.N.A. Convention Sale will be retained: Color Photographs, Education, Color Slides shown at the time of sale, Unprecedented Promotion and Advertising, PLUS A STORY WITH EVERY COIN, CURRENCY & MEDAL. Since what we essentially collect is a story with the coin or note, I thought it fitting that this be my contribution to numismatics in return for the pleasure numismatics has given me for Half a Century, coins and currency being the tangible items representing the intangible.

After dreaming, planning and working for Numismatic Education for over a quarter-of-a-century, the FOUNDATION FOR NUMISMATIC EDUCATION became a reality at the A.N.A. Convention! It's stated purpose: "A society for the purpose of furthering education and research in numismatics, and funding the publication of worthy books, regardless of their monetary feasability to the publishers." While additional purposes were discussed, they will be considered at future meetings. Some numismatic writers, Walter Breen, etc., professors who have taught numismatic courses (Dr. Weber, Admiral O.H. Dodson, Dr. Douglas Ball), professional numismatists with a deep interest in helping elevate numismatics to the art and science which it is (Abe Kosoff, Fritz Weber, Maurice Rosen, Jack Veffer. etc.) and numismatists who "live numismatics" (John Morris, Harry Boosel, Joe Clarke, Sanford Durst, Miguel Munoz, etc.), all above participated. The Foundation will be formally organized at the M.A.N.A. Convention Oct. 21-23. Temporary officers elected at the initial meeting were A.M. Kagin, chairman; Abe Kosoff, vice-chairman; Don Kagin, secretary-treasurer. Anyone interested in being a part of this vital group and furthering Numismatic Education should write to Don Kagin. Ideas and aims for the FOUNDATION FOR NUMISMATIC EDUCATION (tax deductable) should also be sent to Don.

HALF CENTS

1. 1793 G-3, About Very Fine obverse with reverse bordering on Extremely Fine, rotated reverse, porous planchet as encountered on many seen over the years (although less so than seen on some), possibly cleaned long ago but now a toned brown and steel; surprisingly free of abrasions which seem to plague most, sharper struck reverse than on most 1793's seen. "One Year Only" type which has been steadily advancing in value.

LARGE CENTS

36. 1793 S-1, **CHAIN AMERI.**, just about **Good**, date faint, 2 striations on rev. planchet, severely cleaned. Scarce. PLATE

37. 1793 S-9, WREATH, **EXTREMELY FINE-40.** Planchet defect taking out LI of LIBERTY, the sole fault that mars an otherwise nice coin. Mild, but somewhat rough surfaces. Catalogs EF $1,700, this worth at least half. PLATE

38. 1793 S-11a, WREATH, Vine & Bars, **very good** with **bold date** and **Liberty.** Sheldon states **"RARITY 6"!** and values it 60% above the "common" wreath variety which catalogs VG 525.00

39. 1794 **HEAD 1793,** S-19a, **fair** (date not visible). **RARITY 7!** Valued by Sheldon at 7½times "common" 1794 which catalogs $35 fair or 260.00

40. 1794 **HEAD 1793,** S-19b, about **Good** obv.; **Good** rev. (rough planchet). **RARITY 5.** Valued at 5 times "common" 1794 or good 175.00.

41. 1794 S-22, **EXTREMELY FINE-40.** Very sharp, but surfaces suggest an old-time recoloring attempt, though pleasing. Surfaces average. Cat. EF $850; this worth proportionately. PLATE

42. 1794 S-28, Interesting "Clashed Dies" (rev.) variety, well centered, some wear on higher points, date (as stated by Sheldon) not as sharp as balance of coin, attractive brown color. Acquired as "50 Coin in Condition Census" but that is probably a bit optomistic.

43. 1795 **S-74 LETTERED EDGE, Sharp Very Fine** obv., **Extremely Fine** rev., two tiny edge nicks. **RARITY 4.** Scarcer than the usual (R3) let. edge which catalogs VF $400 and EF $900; this worth? PLATE

44. 1795 S-76b, Plain Edge, "ONE CENT" high, **about Uncirculated** with some porosity of planchet as typical of so many of these early coppers, steel-blue black color, minute planchet clip as made, state with die crumbling at OF. Popular for type.

45. 1786 S-84 **LIBERTY CAP, Very Fine** obv. with reverse closer to **Extremely Fine**, minute edge nick. Cat. V.F. $365 & E.F. $650; this worth?

46. 1796 S-110 **DRAPED BUST**, basically close to **Extremely Fine** in sharpness but rough planchet. Probably worth around the VF Cat. of 325.00.

47. 1797 S-120a, **Reverse 1796, Plain Edge, Strong Very Fine** with some roughness of reverse planchet with TA being weak. **RARITY 4.** Undervalued at VF $250 compared to the "Gripped Edge" variety.

48. 1797 S-120b **Reverse 1796, Gripped Edge,** just about **Extremely Fine** with attractive smooth chocolate color. The EF $525 cat. value reflects the popularity of this variety.

49. 1797 S-138 **STEMS, Strong Very Fine** with attractive even chocolate color, bulged rev. die S OF typical of variety, tiny edge nick. Scarcer than "common" variety with cat. VF $175 & EF $400; this worth?

50. 1798 S-148, 3rd rev. 1st hair, Lg 8, **Extremely Fine** with black porous planchet, edge bruise rev., heavy die break over ERTY. Cat. EF $250; this worth?

51. 1798 S-166, 3rd rev. 2nd hiar, Lg 8, **Extremely Fine** with a few pinpoint nicks, steel-blue color. Cat. EF $250; this worth?

1799 OVER 98 "CONDITION CENSUS"

52. **1799 OVER 98**, S-188, lot 72 of 1964 ANA sale as *"Although the coin probably never saw much wear, or hardly any, the coin has been 'brushed up' many years ago."* **"4TH OR 5TH FINEST KNOWN."** It is indeed the sharpness of a **Strong Extremely Fine** but the surface has been brushed to remove some of the roughness so characteristic of this date. **WELL CENTERED WITH SHARP DATE AND LIBERTY, STRONG EVEN STRIKE! Most Exceptional!** Estimated to reach $7,000 in that sale, it did fetch 6,500.00. The last time it changed hands it was called "AU."
The Sharpest Appearing Specimen of the RAREST DATE LARGE CENT that we can recall seeing.

53. 1799 Normal Date with distinguishing mark above T (CENT) quite plain, About Very Fine (trifle shy for full Very Fine), RARE EVEN STRIKE WITH SHARP DATE AND LIBERTY (95% of those seen over the years have one or the other weak) – Remarkably Sharp Reverse (almost all seen come weak), fewer than usual planchet irregularities and handling marks. The planchets used for this date were somewhat inferior with many irregularities. FAR SUPERIOR TO MOST SEEN! We note the catalog lists VF at $3,000 but we doubt if a true VF can be obtained at that price.

54. 1800, 80 OVER 79, S-194, Sharp Extremely Fine. Acquired as "AU-CONDITION-CENSUS." It is indeed a lovely specimen and very close to "about Unc." with smooth lustrous chocolate surfaces. Rare early die state with faint incused letters and no die break under fraction. Since we do not have its pedigree, it could possibly be the "AU" coin in Sheldon's Condition-Census. Rarity 3. In strong demand.

55. 1801 S-219, Famous "3 ERRORS," Extremely Fine but close inspection reveals expert tooling to "strengthen the hair, a lovely appearing cent. Rare in upper grades. Catalogs EF $650; this worth? PLATE

56. 1801 S-223 FRACTION 1/000, Extremely Fine with typical porous planchet and soft lower leaves. Catalogs EF $375; this worth?

57. 1801 S-224 Blunt 1's, just about Extremely Fine with typical porous planchet. Cat. EF $275; this worth?

58. 1802 S-227, Acquired as "CONDITION-CENSUS AU-50," it is indeed sharp and attractive appearing chocolate approaching this grade, but close inspection reveals a short old light scratch blended into the surface and giving the appearance of a die break. RARITY 3. The "common" R-1 variety catalogs EF $225; surely this attractive cent worth somewhat more. PLATE

59. 1802 S-228, FRACTION 1/000, Extremely Fine with lovely iridescent colors, bottom leaves (as usual) not fully struck up. Scarce. Catalogs 275.00

60. 1802 S-231 STEMLESS, lovely About Uncirculated with lustrous smooth chocolate brown surfaces. Very close to the "Uncirculated" for which it was obtained. HIGHLY DESIRABLE as "CONDITION-CENSUS" is (65-60-60-50-50-45)! We expect strong interest from type, date and variety collectors.

61. 1803 S-243 STEMLESS, acquired as "About Uncirculated" and it is indeed a choice brown and chocolate, the obverse is especially sharp but the leaves of reverse are softly struck giving them a flatter appearance than normal for the slight friction involved. A lovely specimen of this popular variety. Probably a $500 coin or so. PLATE

62. 1803 S-255, small date & fraction, **Borderline Uncirculated** with lovely chocolate color, traces of tan peeping through, only barest traces of friction. Acquired as **"CONDITION-CENSUS"** which includes 55 & 50 specimens. PLATE

63. 1803 S-258 small date, Large Fraction, **About Uncirculated** or so with typical soft struck leaves, attractive brown color.

64. 1804 S-266, **Very Good** with typical rough surface. SECOND RAREST DATE. Cat. 425.00

65. 1804 **Restrike** from rusted dies, **Ext. Fine**, has been severely cleaned. Scarce

66. 1805 S-267, **Blunt 1, About Uncirculated** with lovely bluish brown color. We have seen less attractive ones at 500.00. PLATE

67. 1805 S-269, **Pointed 1, About Uncirculated** with even brown color. An attractive desirable specimen. Much scarcer than the usual blunt 1 variety. Worth upwards of 500.00. PLATE

68. 1806 S-276, **About Uncirculated** with even bluish chocolate color, attractive smooth surfaces. Scarce date. Very close to **CONDITION-CENSUS** which includes a 55 coin. Easily worth upwards of 750.00. PLATE

69. 1807 S-271 **COMET**, nice **Extremely Fine** with bluish brown color. Difficult to obtain this choice. Catalogs 425.00

70. 1807 Large 7 OVER 6, **Extremely Fine**, brown color. Scarce. Cat. 265.00

71. 1807 S-276, Large Fraction, **Extremely Fine** with some roughness of planchet, lower left leaves softly struck. Cat. EF $250; this worth?

72. 1808 S-277, "12 Star" variety (die break causes weakness of star), **Sharp Very Fine**, small edge nick. Cat. VF $165; this worth?

73. 1808 S-278, Normal 13 stars, basically **Very Fine** but left side weakly struck. Probably worth fine price of 85.00.

74. 1809 **Extremely Fine** obv., **About Uncirculated** rev. SCARCE DATE & CONDITION. Well worth over the EF value of 825.00

75. 1810 OVER 9, S-281, **Uncirculated** chocolate with much Red still evident, nick at star 9, a glass reveals two or three leaves not quite full. RARE SO CHOICE! **CONDITION-CENSUS IS (70-60-60-55-50-45)!**

76. 1810 S-282, **Uncirculated** chocolate, struck slightly off-center to right, tiny planchet clip at edge as struck, lightly brushed to enhance its brilliance. Desirable for date or "type."

77. 1811 OVER 10, S-281, **Sharp Very Fine** (not too far from EF), tiny edge nick. SCARCE. Cat. VF $350 & EF $600; this worth?

78. 1811 S-287, **Sharp Extremely Fine**, typical porous planchet, chocolate. SCARCE! PLATE Cat. 600.00

79. 1812 S-288, Large Date, 2nd scarcers 1812, just about **Extremely Fine.** "Commonest" 1812 Cats. EF $275; this scarce variety worth?

80. 1812 S-290, small date, rather close to the **"About Unc."** for which acquired, chocolate, struck slightly off-center to left resulting in left stars flat. Cat. EF $275; this choice one worth?

81. 1813 S-292, Distant Star variety, **Very Fine** with **rev. sharper.** This nice VF worth a little more than the VF Cat. of 175.00

82. 1813 S-293, Close Star variety, **Sharp Extremely Fine** (bought as "AU"), even chocolate, struck slightly off-center to right resulting in right stars not being struck up. "Much the scarcer ot the two 1813's" – Sheldon. Surely worth more than the $425 EF value for "common" variety.

83. 1814 S-294, Crosslet 4, **Extremely Fine**, chocolate. Catalogs 350.00

84. 1814 S-295, Plain 4, **Nice Extremely Fine** with smooth surfaces. Cat. 350.00

85. 1816 N-2, **About Uncirculated**, chocolate, nice surfaces. Note similar at well over 100.00

86. 1817 N-5, Earliest die state, **borderline Uncirculated**, barest friction, nice planchet.

87. 1817 N-8½, Famous **"Mouse On Head"** variety, **About Uncirculated**, struck from rusted dies, pinpoint nick. Scarce.

88. 1817 N-14, **Uncirculated** Mint Red shading to brown, date 1 8 17.

89. 1817 N-16, **15 Stars, Nice Extremely Fine.** Scarce thus. Catalogs bit low at only 120.00.

90. 1818 N-10, **Mint Red Uncirculated** with some brown toning. Scarce thus.

91. 1819 OVER 18, N-1, **Uncirculated** brown with some Mint Red, Sharp Struck with smooth surfaces. Highly desirable specimen! RARE THUS.

92. 1819 N-5, small date, **Uncirculated Mint Red** blending to brown, Well-Struck with Sharp Full Hair. SCARCE THUS. "Common" ones Cat. $275; this worth?

93. 1819 N-8 State a, small date, **Mint Red Uncirculated** blending to brown, Sharp Struck, smooth surfaces! Highly desirable specimen worth a substantial bid. PLATE

94. 1820 OVER 19, N-2, **borderline Uncirculated**, only slight friction, nice brown color. Catalogs Unc. $350; this worth proportionately.

95. 1820 N-13, Large Date, **Mint Red Uncirculated** blending to brown, Sharp Struck, smooth surfaces. Lovely specimen for date or type. PLATE

CONDITION-CENSUS 1801 HALF DIME

270. 1801 V-1A, State IV: heavy break joins drapery to rim r. of date, but as yet without the crack through IBERT or the heavy injury at RT or the breaks at 10th to 12th stars or at 18. Many details **better than EF, some few apparently full mint sharpness,** others weaker as struck; some porosity in original planchet, **some lustre, with antique gold and grey tone;** shallow rim dent at 9th star. **EXTREMELY RARE CONDITION;** seldom indeed **is the hair as sharp as on this piece!** There are apparently either three or four which will rate AU (no full mint state ones), followed by this one, which ties with the Eliasberg coin, and then by three others that can be called EF; then a steep drop in grade, the average being VG.

1829 V-6, **BRILLIANT WIRE EDGE PROOF,** a few faint contact marks visible with a glass. **ONLY 2 KNOWN:** 1) Eliasberg, 2) ANS 1914 Exhb (Valentine loan). If the phrase "Chance Of A Lifetime" has any validity, then surely it would apply here.

462. 1855-S About Uncirculated with attractive bluish golden luster, Sharp Struck, only slight friction! RARE! Scott states "Extremely rare in unc." The only "arrows no motto S mint." Potentially a four figure coin.

463. 1856-S About Uncirculated with lovely iridescent luster, Sharp Struck with smooth surfaces. Scott states "Very rare in unc." The catalog value of $1,200 unc. could be theoretical as a full unc. specimen would bring somewhat more.

650. 1838 HALF DOL., **Sharp Extremely Fine.**

651. 1839 **BUST, HALF DOL.**, attractive bluish golden toned **Uncirculated, Sharp Struck, Wire Edge**, a few of the usual bag marks. The sharpness of striking and prooflike surfaces recall some we have seen (not quite the equal of this) sold as "Toned Gem Unc." We have seen fewer top-grade 1839's over the years than we have of 1838 (similar type).

652. 1839 **NO DRAPERY**, About Uncirculated, slight friction, Raised "SQUARE EDGE" as on proofs, **MUCH SHARPER STRUCK THAN USUAL** with only beginning weakness starting at lower left eagle's leg. **RARE THUS** (notorious for its weak strike – see photo in Guidebook). Scott states "Very rare in full unc." The Guidebook value of $5,000 for unc. seems conservative as we could readily sell a full unc. one for somewhat more (if it were available). The rarity is understandable when one considers that 1839 is a "3 Type Year" – Bust, Seated No Drapery and Seated With Drapery.

653. 1840 Rev. 1838 (Medium letters), **About Uncirculated, only slight friction,** blue golden toning, Sharp Struck, **scarce "one year type."** UNDERVALUED, particularly in higher grades.

655. 1843-O **UNLISTED DIE**, reverse appears to be Beistle 3F "feathers below shield are struck weak, otherwise the die is well impressed." "AU55, this coin most be graded by it's reverse, as the obverse die was so highly polished that the center section of Liberty does not show. I've never seen this variety before. **For the variety specialist, a must."** – Ahwash. Raised Broad Square Edge.

657. 1845 **Uncirculated** golden toned, **Sharp Struck, "SQUARE EDGE"** as on proofs, faint bag marks in field obscured by toning, **CHOICE!** Scott states **"UNDERRATED."**

Worth $500 up"** – Ahwash. In view of the Rarity, choice strike and condition, we believe this remarkable specimen to now be worth substantially more.

661. 1846-O **NO DRAPYER, small recut date,** old date punched lower than new date, AU50. **"Much Rarer than the 1845 No Drapery"** – Ahwash.

662. 1847 Brilliant golden **Uncirculated**, a few bag marks in field, **Sharp Struck, CHOICE!** Difficult to obtain thus!

663. 1847-O **Extremely Fine** with deep golden toning, rev. usual worn die.

1848 HALF DOLLAR "PRESENTATION PIECE"?

664. 1848 Recut 18, **BRILLIANT PROOFLIKE SHARP STRUCK GEM! A magnificent specimen with every star Full and a minimum of surface contact marks.** Scott states **"Very scarce and underrated in all grades, VERY RARE IN UNC."** and valued unc. at close to double that for other "commoner" dates. The sharpness of striking and surfaces raises the strong possibility of it being a "PRESENTATION PIECE." We could use a number of desirable adjectives to describe this incredible specimen but we believe the knowledgeable collector will recognize its rarity and bid accordingly.

665. 1849 RECUT DATE, **borderline Uncirculated**, lovely bluish golden toning over Prooflike surfaces, faint rub, Sharp Struck. **Scarce**

666. 1850 **Uncirculated** bluish golden, Sharp Struck, Raised Edge, **CHOICE!** Low coinage but many melted at Mint in 1853 when silver content reduced. **UNDERVALUED.**

682. 1857 **Brilliant bluish Wire Edge, PROOF**, pinpoint nick in field. **VERY RARE!** All proofs prior to 1858 (when they first went on sale to the public) are RARE, particularly the higher denominations which had more opportunity to be "spent" or mishandled. The half dollar proof listing in both the Guidebook and Scott starts with 1858. We have seen estimates of "perhaps 1 to 2 dozen 1857 proofs have survived," including those which have been mishandled." "Easily worth several times that for the 1858 of which 80 are said to have been struck."

"CONDITION-CENSUS" 1870-CC HALF DOLLAR

706. 1870-CC Lovely purple-bluish-golden, slight friction highest points, **SHARP STRUCK, NICE SURFACES! AMONG THE TOP-CONDITION SPECIMENS OF THE ONLY 30 TO 40 KNOWN!** Popular "First Year CC Mint." Acquired about a year ago as "CONDITION-CENSUS" at $5,000.00. Scott states "Only one known in unc." The Reed Hawn unc. specimen (Stack's 8/73) fetched $13,500; it would no doubt bring substantially more now (if it were available), 4 years later. At first we thought the $5,000 cost a bit much but when we checked records, we had to agree that Rarity, Condition-Census and Availability justified that price.

THE RAREST "CC" HALF DOLLAR and THE LOWEST CONDITION KNOWN FOR THE MAJORITY! In strong demand by "CC Mint" collectors, first year of mint and regular U.S. collectors. The highlight of this series.

707. 1871-S "Small "s" AU55 (borderline Unc., faint rub). **Very Rare in Unc.**, says Scott and rightfully so, light iridescent toning over nice surfaces" – Ahwash. It is indeed a lovely Sharp Struck specimen.

708. 1871-CC **Sharp Very Fine bordering on Extremely Fine** (for which it was acquired), lovely bluish-purple-golden toning. Scott states "Excessively Rare in unc., Very Rare in EF." IN STRONG DEMAND

709. 1872-CC **Lovely borderline Uncirculated**, faint rub, "AU55, Nice rustic toning over very clean surfaces. Quite rare so nice" – Ahwash. It is indeed an outstanding Sharp Struck specimen acquired as "Choice Uncirculated." The Hawn coin "Unc., some light rubbing" fetched $750 over 4 years ago; the sharp increased values for top grade halves in the intervening years leads us to expect bidding in the strong four figures.

710. 1873-CC No Arrows, **Sharp Extremely Fine**, cleaned, bag marks (bought as "unc."). Scarce.

711. 1873 **ARROWS**, lovely golden **Uncirculated, Sharp Struck, satiny-smooth surfaces, CHOICE!** Scarce 2 year type. Popular. Somewhat scarcer than the 1874.

The most popular series today with many showing substantial advances, some monthly (yes, a few even weekly). A careful perusal of auction records reveals that "Exceptional Specimens Bring Exceptional Prices." "CHOICE", "GEM", "PROOFLIKE", or "SHARP STRUCK" pieces bring premium prices, some many multiples of ordinary "Uncirculated". The rarity varies with each date, mint and variety. Many of the following are truly "Exceptional Specimens" and are deserving of careful attention. Some have not been available for quite some time in comparable condition.

949. 1875-CC **BRILLIANT GOLDEN UNCIRCULATED GEM!** Incredible surfaces completely free of bag marks except for the few microscopic ones in left field. A perfect uncirculated specimen of a "commoner" date brought $5,000. This remarkable specimen surely worthy of a strong four figure bid.

958. 1849 **OPEN WREATH, small head, no "L", Very Fine** (sharp but light abrasions). **ONLY 1,000 STRUCK!** Valued in Scott 2½ times normal VF. Akers states **"From the standpoint of mintage and number offered at auction, this is the third rarest $1 gold."** He lists only 19 appearances at auction.

959. 1849 **OPEN WREATH, small head with "L"** (Longacre, same reason as "L" on ribbon 1c) **About Uncirculated, quite sharp.** Akers lists only 35 auction offerings back to 1922! ANACS A4465 certificate.

960. 1849-O Brilliant **Uncirculated Sharp Struck CHOICE!** Akers states "The 1849-O **has 5th lowest average grade of the 82 dif. $1 gold." Only 15 Unc. offered back to 1944!** A number, of course, are reappearances of the same coin. "A RARE COIN UNC." PLATE

961. 1850-C **About Uncirculated** with prooflike surfaces, tiny nick rev. Akers states **"This is the rarest collectible C Mint $1 from the standpoint of total number pieces available!** Although there are 9 auction records for this date in unc., I have never seen one that I would call full mint state, and even strict AU's are Very Rare."

962. 1851 Brilliant **Uncirculated, Sharp Struck GEM!** Excellent "type."

963. 1851 **Extremely Fine,** few contact marks in keeping with grade. ANACS A5146.

970. 1853-O Very Fine; 1854 Type I Extremely Fine. Lot 2

971. 1854 Type I, Brilliant Unc., **Sharp Struck**, clashed dies, few tiny bag marks rev., CHOICE!

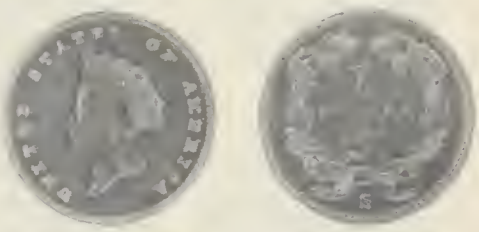

972. 1854 TYPE II, **Borderline Uncirculated**, slight rub, Sharp Struck with Wire Edge, variety with clashed dies and Sharp Date except 8 (full 8 but partially weak – later die states it almost disappears). SCARCE

973. 1854 TYPE II, **Very Fine.** Short lived type

974. 1855 TYPE II, Brilliant **borderline Uncirculated** with Wire Edge, Sharper than most with 8 fully visible although not sharp, full luster. Rare type thus. PLATE

975. 1855-O **TYPE II** (only type II "O" mont), **Brilliant borderline Uncirculated,** faint rub, **RARE SHARP STRIKE** with 8 almost fully struck up (nearly all come weak to almost non-existant). Very close to "CONDITION-CENSUS" thus!

976. 1856-S **TYPE II** (only "S" this type), **Choice About Uncirculated with High Wire Edge**, only slight friction, **Sharper Struck than usually seen.** Close to "Condition-Census" as very few unc. exist. RARE SO CHOICE! Scott cat. AU 1,850.00

977. 1856 **TYPE III**, slant 5; 1861 Fine pair.

978. 1857 Extremely Fine. ANACS A5360

979. 1857-C **Extremely Fine**, usual soft strike from slightly dished dies. SCARCE. Catalogs 625.00

980. 1857-D **Choice Extremely Fine**, only partial softness of strike with obverse and most of reverse **surprisingly sharp.** Akers states "**This date is one of the most underrated Type III $1 gold;** in the 192 auction catalogues surveyed, the 1857-D was offered ten times less than the highly regarded 1860-D. Also, the total of only four Uncs offered is just slightly more than one third the total of eleven Uncs. offered of the 1861-D. Every specimen that I have seen is very poorly strick, particularly at the upper reverse and on both the hair and headdress of Liberty." Akers lists only 15 EF offered at auction (192 sales) since 1943! Of course many are the same coin reappearing. Obviously, **the catalog of only $1,000 is much too conservative for this RARITY!**

981. 1858-D "Extra Fine" on envelope; it is indeed much sharper than usually encountered for this rare date but we feel its rarity might have influenced its grading to be a bit "enthusiastic." "Always weakly struck, particularly on hair and headdress of Liberty, and at 85 of date; on many, 85 is missing entirely" – Akers. The Guidebook value V.F. $800 – E.F. $1,300; this closer to latter than former. PLATE

982. 1858-S **Sharp Very Fine**, rev. **Extremely Fine**, traces luster. SCARCE. Akers states "Extremely underrated compared to other more glamorous dates in this popular series."

983. 1859 Brilliant **about Uncirculated**, quite sharp with luster. "More rare than extremely popular dates of 1880's, and many times as rare in strictly unc." – Akers.

984. 1859-S Extremely Fine with some luster. SCARCE. Trends 400.00

RARE 1860-D $1 GOLD

985. 1860-D Extremely Fine & Sharp, RARE EARLY DIE STATE with ENTIRE 6 VISIBLE! Peculiarity in striking at edge evident as on all genuine specimens seen, however this is less so than generally seen: in fact, the U is visible (although weak) and NITED is unusually strong! Even the hair over foreheae (usually quite flat) is sharper than usual (although some wear is evident – the high point on coin). Guidebook value E.F. $5,000 – Unc. $10,000; this high grade unusually well-struck specimen surely worth closer to the latter than the former.

986. 1860-S Extremely Fine appearing but "brushed" to remove abrasions, scarce.

987. 1861 About Uncirculated, luster.

988. 1862 About Uncirculated with luster, light bag marks.

989. 1871 Brilliant Prooflike Unc. GEM, tiny lint mark on neck (lint on die when coin struck). Only 3,930 struck! The strong demand for this date is reflected in the "Trends" value of $1,000 unc., surely this Prooflike GEM worth a substantial premium.

990. 1873 CLOSED 3, Choice Extremely Fine, lightly cleaned to enhance its luster. ONLY 1,825 STRUCK! Among the lowest coinages of the entire $1 series! Its rarity only now just beginning to be appreciated as relfected in "Trends EF value of 500.00

991. 1874 Borderline Uncirculated, slight rub.

992. 1874 About Uncirculated, quite sharp but two light scratches rev.

993. 1850 Brilliant "BLAZING" Uncirculated, Sharp Struck, satiny-smooth surfaces, just about PERFECT! ONLY 1,600 STRUCK! We cannot conceive of a more perfect coin! We could go to great lengths to extol the desirability, "investment possibilities," etcetera, but we believe those seeking the ultimate in perfection will recognize this beauty for what it is.

994. 1883 Brilliant Unc., Prooflike surfaces, bag marks near date. Scarce

995. 1889 Brilliant Uncirculated, satiny-smooth surfaces, tiny planchet flake rev. (not noticeable unless closely examined). Last year

$2½ 1798 STRUCK IN 1799 "RARITY 7"

996. 1798 Wide Date, 5 Berries, Extremely Fine with some luster, tiny edge nick. ONLY 480 STRUCK IN 1799! Scott states "RARITY 7"! With ONLY 7 TO 9 KNOWN who can predict when another specimen will be available? The Guidebook values the normal 1798 (compact date – 4 berries) struck in 1798 at $5,200 EF; surely this MUCH RARER (3 times as rare) Major Variety worth substantially more.

997. 1802 Over 1, Strong Very Fine, not quite Extremely Fine as stars are soft struck, nice even wear. Stars 8x5 rather than 6x7 as in above 1798. ANACS B3225 certificate. SCARCE! Cat. V.F. $2,250 & E.F. 3,350.00

1842-O $2½ PRESENTATION PIECE?

1000. 1842-O BRILLIANT FULLY PROOFLIKE (both sides) RAISED "SQUARE" EDGE, CAMEO-SHARP STRIKE! An incredible specimen, evidently kept with other coins as there are minute contact marks in obverse field. Possibly a "PRESENTATION PIECE" as "Special Care" seems to have been taken when it was struck. We note Stack's recent record of $900 for A.U. Breen's monograph (Hewitt) states "UNKNOWN UNC." Akers states "2 Unc. – Bell 1944 & Bell 1963?" (same coin?). Could this be that coin?

1001. 1847 Brilliant borderline Uncirculated, faint friction. Only 29,814 struck!

1002. 1851-O About Very Fine (("x" scratch in field).

1003. 1854 Brilliant Uncirculated, Sharper Struck Than Most, Full Luster. Struck from overpolished die as left shoulder of wing and lower left leg not quite full. Lovely specimen.

KAGIN'S PRIVATE & TERRITORIAL INVESTMENT PROGRAM

A UNIQUE program under the *personal* supervision of Don Kagin and A.M. Kagin. This program must be limited to only a few. Not many coins now exist, and availability is sporatic. Don's intensive research (which will ultimately be incorporated and published in book form) will alter the rarity and values of a number of pieces. Until this book is published, some "bargains" can still be obtained. BUT ----- in order to take advantage of these "bargains," you must be a member of this investment program. Time is of the esence in this area, as unlike other fields, only a single specimen may become available before the book is published. Much new and surprising information has been uncovered in this intriguing field. Those availing themselves of this program will receive something educational (often something unpublished) with every purchase.

Yes, I am interested in your **PRIVATE & TERRITORIAL GOLD Investment Plan.** Please send me (without obligation) more information.

IN ORDER TO SELL, WE MUST BUY

Our specialized knowledge (Don Kagin), nearly HALF A CENTURY as collector and Professional Numismatist (A.M. Kagin) enables us to KNOW the rarity and values of the DIE VARIETIES as well as the Major Varieties. Whether we are contacted directly by the owner, his agent or even a representative of the agent, we are interested in buying. We purchased the CLIFFORD PRIVATE & TERRITORIAL GOLD COLLECTION ----- THE LARGEST AND FINEST IN EXISTENCE at the 1974 A.N.A. convention ---------- after it had passed through several dealers' possession. It was THE LARGEST PURCHASE FOR *A Single Specialized Collection* IN AMERICAN NUMISMATICS! Whether you have a $500 coin for sale or a FIVE MILLION DOLLAR COLLECTION, we are prepared to PAY A TOP PRICE. As a "dealer's dealer," we do not discriminate – we buy from dealers as well as collectors.

IT MAKES SENSE

If you have a legal problem — go to a lawyer

If you have a health problem — go to a doctor

If you have a "Private & Territorial Gold Coin, Bar, etc. — go to a specialist

WANT LIST/COMMENTS/SPECIAL INSTRUCTIONS:

PERSONALIZED INVESTMENT SERVICE

Many of our auction bidders have asked us for advice on how to invest in Rare Coins. Even those who are building specific collections have wondered which dates to buy first, what condition to obtain, Etc.

Many of our bidders are just *"looking for the best opportunities for investment."*

In response to those requests we have developed the Kagin Numismatic Investment Program. There are other types of programs around the country – but this One is *Different.*

You receive the *personal attention & service of A.M. or Don Kagin* – Proprietors, NOT salesmen – who will work with you to develop the EXACT investment program that meets your particular desires.

A. M. Kagin, a Professional Numismatist & Auctioneer for over 40 years

or

Don Kagin, recipient of the *1st degree in numismatics* and now a Ph. D.

will

personally service your account; make suggestions and meet your individual needs.

We are particularly noted for:

U.S. CURRENCY: We edit and publish the Donlon Catalog of Large Size United States Currency 1861 to 1923. Our *Currency Investment Program* is second to none. It includes *ONLY Choice & Superb Notes!*

PIONEER & TERRITORIAL GOLD: take advantage of the knowledge available from *"The One Writing The Book"* ----- Don Kagin. When the book is published, there will be fewer "bargains" available. Rarity ratings will be drastically changed on a number. Our services are available whether you wish to take advantage of our "Investment Program" in Pioneer or desire specific coins.

Other services available through this program:

- Inclusion in Keogh Retirement Plans
- Numismatic Tax Counseling
- Personal visitations
- **Personalized Program** designed to fit your individual needs (no two of our personalized investment programs are alike)

To begin a more successful and rewarding collection/investment program, please fill-in the application form on the back (page 6) of the bid sheet and enclose it in the envelope provided for same. Thank you.
